

COMMERCIAL HVAC

DMG NORTH, INC. ◦ INNOVATIVE HVAC SOLUTIONS

HVAC EQUIPMENT

- VRF Variable Refrigerant Flow Systems 
- Mini-Splits / Duct Free Split Systems 
- Energy Efficient Packaged AC Units 2-50 Tons 
- Heat Pump and AC Split Systems
- Water Source Heat Pumps: 0.5 to 60 Tons 
- Horizontal, Vertical & Vertical Closet
- Fan Coil Units - Horizontal, Vertical & Stacked
- Air Handling Units for Classroom Environments
- PTAC Packaged Terminal Gas Heat- Electric AC 
- Unit & Duct Type Heaters
- Evaporative Cooling Systems (IT, Direct, Indirect)

VENTILATION

- Commercial and Industrial Fans & Blowers
- Dedicated Outside Air, Make-Up Air, Heating & Ventilation Units
- Axial Fans & Power Roof Ventilators
- Energy Recovery Ventilators

AIR DELIVERY

- Air Distribution- Grilles, Registers & Diffusers 
- VAV Boxes and Fan Coil Units 
- Air Duct Systems
- Remote Control and Balancing Dampers 
- Sound Attenuation for Commercial and Industrial Applications
- Indirect & Indirect/Direct Evap. Cooling Systems Units
- Louvers and Dampers for Commercial & Industrial Applications

SPECIALTY PRODUCTS

- VFD Variable Frequency Drives for Commercial HVAC Applications 0.5-1350HP 
- Electric, Resistive Steam, Gas Fired, Adiabatic Humidification Systems 
- Residential Humidification
- Airflow Management and Control
- Ventilation Zoning Systems (LEED compliant)
- Active Chilled Beams

CUSTOM / APPLIED SYSTEMS

DMG NORTH, INC. ◦ INNOVATIVE HVAC SOLUTIONS

AIR HANDLING & ENERGY RECOVERY SYSTEMS

- Indoor and Outdoor Custom Air Handling Units
- Unlimited options for filtration, heat recovery, humidification, dehumidification, UV lights, sensors, controls...

APPLIED HVAC EQUIPMENT

- VRF Variable Refrigerant Flow Systems
- Condensing Units, Air Cooled Condensers
- Perimeter CRAC & CRAH Units
- Indirect & Indirect/Direct Evap. Cooling Units
- Data Center Precision Cooling Systems

HYDRONIC SYSTEMS

- Water, Air and Evaporative Chillers
- Modular, Process, Medical & Specialty Chillers
- Hydronic Boilers
- Heat Pump and Heat Recovery Chillers
- Fluid Coolers
- Active Chilled Beams
- Radiant Wave, Radiant Ceilings, Radiant Extrusions
- Energy & Heat Recovery Heat Pipes

VENTILATION & AIR FLOW CONTROL SYSTEMS

- Lab Fume Hood Exhaust Systems
- Fume Hood & Room Controls
- Explosion Proof High Temp Fans
- Airflow Monitoring & Control Systems for Labs

HUMIDIFICATION & DEHUMIDIFICATION SYSTEMS

- Electric, Resistive Steam, Gas Fired, Adiabatic, Humidification Systems
- Critical Environment Room Control
- Wrap Around Dehumidification Systems

Effective January 1, 2017
